

EVANGELISM IN 2020

A guide for sharing your faith in respectful,
non-awkward ways

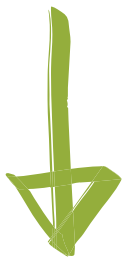

"Therefore, go and make disciples of all the nations..." Mt 28:19

First, ask yourself...

1) Where are we in the
relationship?

2) Where are they in their
faith journey?*

3) What do they need
right now?

ADDL TIPS

Start with unassuming phrases like "I'm not sure if faith is your thing..." or "You might not be into spirituality but I've found this helpful..."

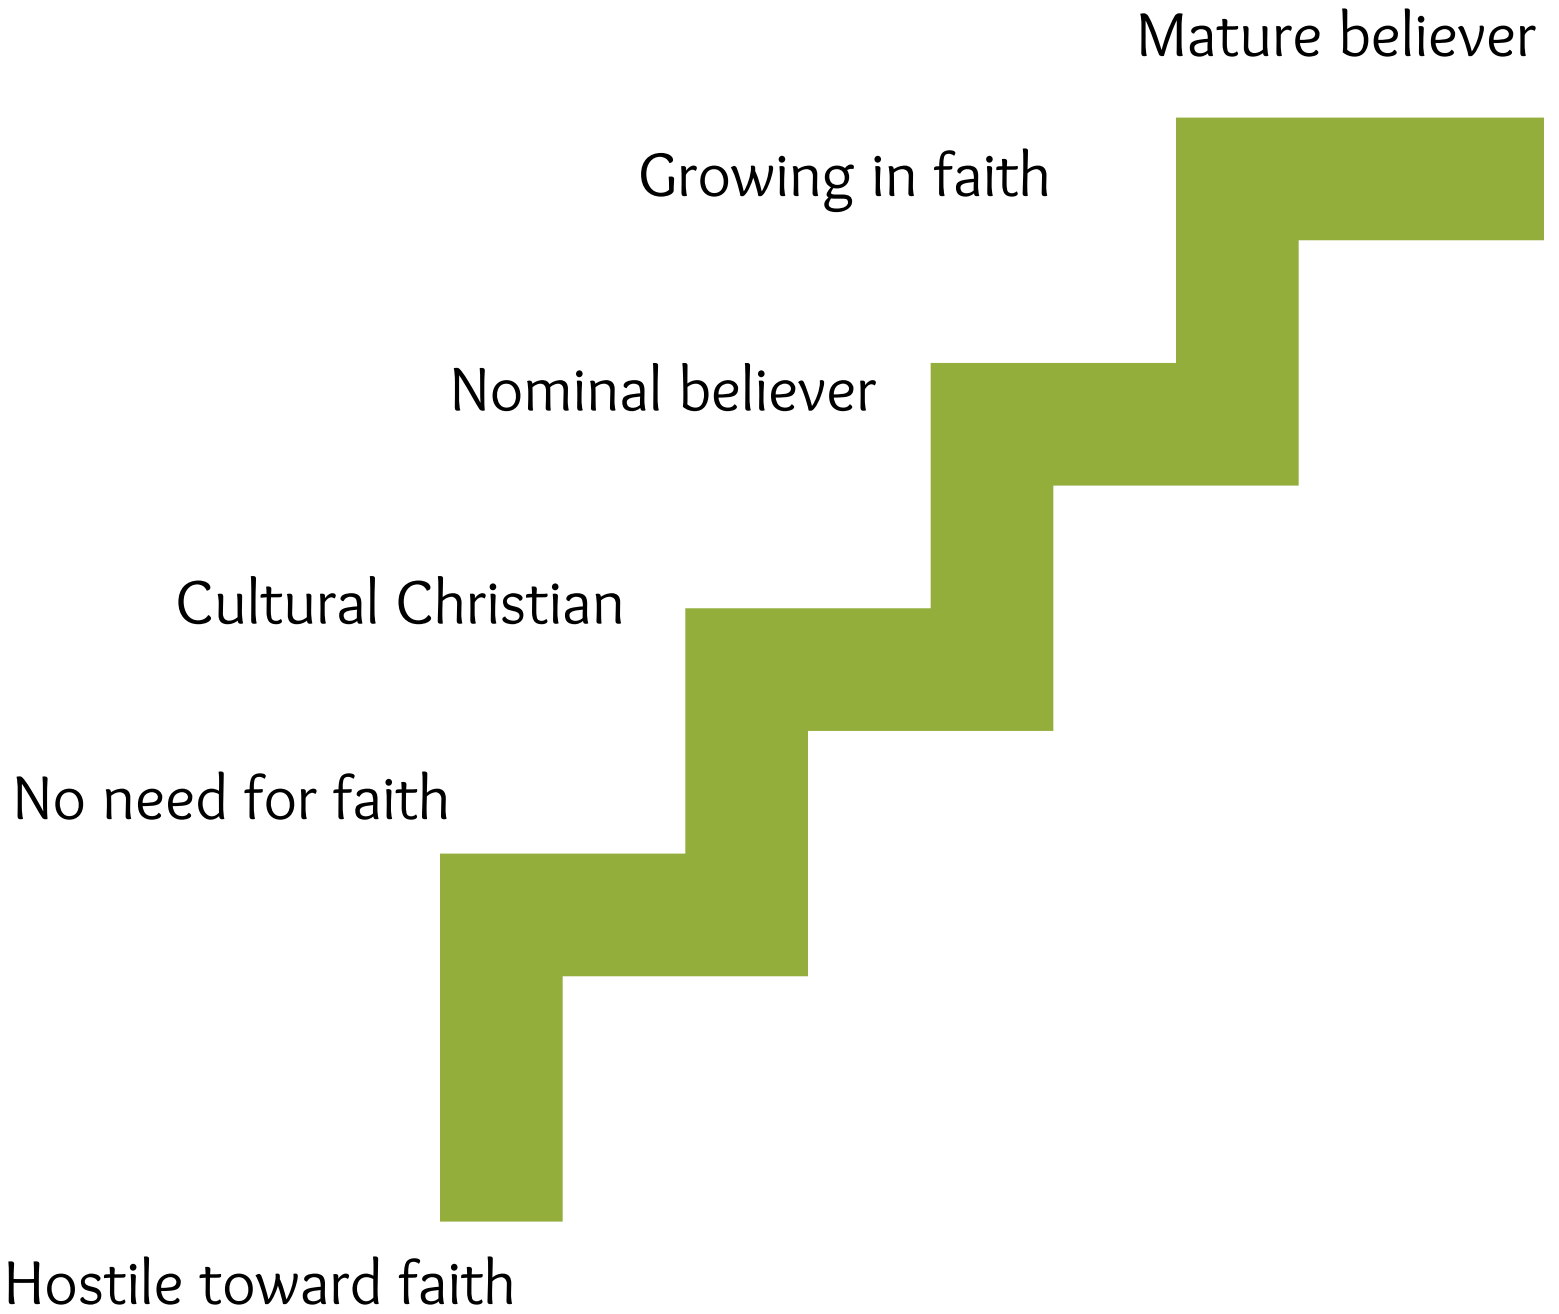

Share sermons, passages, devotions and then let God do the rest.

Remember your biggest evangelistic tool is how you live your life. How we live has more to say about the God we believe in than our words ever will!
